

HAVE A VOICE IN SHAPING THE FUTURE OF YOUR COMMUNITY

Would you like to influence how North Horsham develops over the coming years?

You are invited to join your Parish Council in putting together a **Neighbourhood Plan**, a statutory planning document that can help shape future development, protect community open spaces and preserve the character of our vibrant Parish (up to 2031).

- *Would you like to see developments make positive impacts in our community?*
- *Do you want to help guide design quality of new housing in our Parish?*
- *Do you want to help protect our vital community green spaces?*

YOU could be one of our '**Community Champions**' helping shape the future of our community. The community should have a voice in the parish's future.

How can you get involved?

1. **Join our Neighbourhood Plan Steering Group**, who will be liaising with residents, gathering evidence and drafting the plan
2. Register your interest via our **Facebook page** or **email** or **telephone**
3. Complete the **Community Questionnaire** due to land at your door soon

We need residents of all ages to come together to represent what our community wants.
