

# NORTH HORSHAM PARISH COUNCIL

PROPERTY COMMITTEE – THURSDAY 3<sup>rd</sup> August 2023

## ADDITIONAL COMMITTEE REPORT

---

**Note the numbers below refer to the item number on the additional agenda:**

**1. North Heath Hall Washroom Refurbishment**

Members have been sent the existing plans, proposed plans and construction notes, via email, for information. Members also received a quotation for a Structural Engineer to produce the necessary structural calculations and details in order to obtain Building Regulations Approval, totalling £1035.00 + vat, to be funded from the NHH Washroom Refurbishment EMR.

Members are asked to consider this quotation.

Members should note that this expenditure was not anticipated when the original estimation for this work was put forward to the Committee. It may be prudent for the Committee to review the earmarked funds and expenditure for this project when the quotation from the Plumber is received in case there is a need to identify additional funds.

**Decision: To consider instructing a Structural Engineer to produce the necessary structural calculations and details in order to obtain Building Regulations Approval, totalling £1035.00 + vat, to be funded from the NHH Washroom Refurbishment EMR.**

**Lisa Underwood - Deputy Clerk  
28<sup>th</sup> July 2023**
